My qualifications and experience

Robert has been involved in the financial services industry for over 30 years. Rob has spent the last 11 years specialising in private practice and has the ability to make the most complex situations, easy and understandable. Robert has been undertaking continual studies and workshops to enhance his expertise as a financial planner and has been awarded Certified Financial Planner (CFP) accreditation through the Financial Planning Association of Australia. As an Authorised Representative, Robert believes in helping his clients build a comprehensive program to make the most of their earning potential during their working years, as well as helping them with their retirement planning, superannuation, risk insurance and estate planning needs. He achieves this by striving to provide quality advice, personalised service and practical ideas to deliver superior solutions.

How I am paid

As the licensee, Millennium3 collects all advice fees and commissions. Millennium3 then pays the fees and commissions, less an agreed amount (the licensee fee), to my Practice. The licensee fee retained by Millennium3 can range between \$0 and \$150,000 (excluding GST) per annum.

My Practice pays me out of the fees and commissions it receives from Millennium3, by one or more of the methods outlined below.

- **Salary** – I may be paid a salary based on my experience and capability.
- **Bonus** – I may be eligible to receive a bonus, based on a combination of revenue and certain non-financial measures (such as the quality of my service).
- **Profits** – I may be eligible to receive a percentage of profits from the Practice.
- **Other** – I may also receive other benefits, all of which are outlined in the FSG or will be disclosed in the advice document at the time of providing advice.

At the time of providing advice, I will disclose the amounts that Millennium3, the Practice and I receive (if any) as a result of that advice.

Additional product provider arrangements

In addition to the advice fees and product revenue outlined under 'How we are paid' in this FSG, Premier Financial Planning & Investment Services has entered into an arrangement with TAL, where TAL may pay a bonus (in addition to standard commission rates) if certain targets are achieved. The bonus, of which I may receive a portion, could be up to \$150,000. The bonus payment is not an extra charge to you.

Client fee and payment options

Before providing advice, we will agree the fees and payment options with you. The fee you pay will depend on the complexity of your circumstances and the services you require.

Your options to pay for our services can include fee for service, commission, or a combination of both.

Fee for service

Fee for service is based on the service we provide. This fee can be determined by:

- An hourly rate
- A percentage of funds invested (excluding borrowed funds)
- A fixed dollar amount
- A combination of these methods

We can invoice you directly for our fee for service. Alternatively, some products allow an adviser service fee to be deducted from the balance of your investment.

Commissions

Some product providers pay commissions to Millennium3. The amount of commissions received will depend upon the type of product and the amount invested or premium paid.

If we receive commissions as a result of recommending a product to you, we may reduce our fee for service. In the event that we reduce our fee for service in this manner and you decide not to proceed with our recommendations, or if your insurance policies are cancelled within the first 2 years' of acceptance (in which case the insurer claims back all or some of the commission paid to us), we may invoice you directly for the cost of our service.
